Item B. Gas Cost Adjustment

Each monthly bill at the above rates shall be adjusted for gas cost as follows:

- (1) The city gate rate increase or decrease applicable to current billing month residential and commercial sales shall be estimated to the nearest \$0.0001 per Mcf based upon:
 - (a) A volume factor of 1.0000 determined in establishing the above rates for the distribution system as the ratio of adjusted purchased volumes divided by adjusted sales volumes.
 - (b) The city gate rate estimated to be applicable to volumes purchased during the current calendar month, expressed to the nearest \$0.0001 per Mcf (shown below as "Re").
 - (c) The base city gate rate of \$4.0200 per Mcf.

- (2) Correction of the estimated adjustment determined by Item B (1) above shall be included as part of the adjustment for the second following billing month. The correcting factor (shown below as "C") shall be expressed to the nearest \$0.0001 per Mcf based upon:
 - (a) The corrected adjustment amount based upon the actual city gate rate, less
 - (b) The estimated adjustment amount billed under Item B (1) above, divided by
 - (c) Distribution system residential and commercial sales Mcf recorded on the Company's books during the prior year for the month that the correction is included as part of the adjustment.

- (3) The adjustment determined by Item B (1) and Item B (2) above shall be multiplied by a tax factor of 1.02041 to include street and alley rental and state occupation tax due to increasing Company revenues under this gas cost adjustment provision.

In summary, the gas cost adjustment (GCA) shall be determined to the nearest \$0.0001 per Mcf by Item B (1), Item B (2) and Item B (3) as follows:

$$\text{GCA} = [\text{Item B (1)} + \text{Item B (2)}] \times \text{Item B (3)}$$

$$\text{GCA} = [(1.0000) (\text{Re} - \$4.0200) + \text{C}] \times 1.02041$$

Item C. Tax Adjustment

The tax adjustment shall be an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1985, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract.

Item D. Schedule of Service Charges

(1) Reconnect Charge

In addition to the charges and rates set out above, the Company shall charge and collect the sum of:

<u>Schedule</u>	<u>Charge</u>
8 A.M. to 5 P.M. Monday through Friday	\$25.00
5 P.M. to 8 A.M. Monday through Friday	40.00
Saturdays, Sundays and Holidays	40.00

as a reconnect charge for each reconnection or reinauguration of gas service, where service has been discontinued at the same premises for any reason, with the following exceptions.

- (a) For a builder who uses gas temporarily during construction or for display purposes.
- (b) For the first occupant of the premises.
- (c) Whenever gas service has been temporarily interrupted because of system outage, service work or appliance installation done by Company; or
- (d) For any reason deemed necessary for Company operations.

(2) Returned Check Charges

A returned check handling charge of \$7.50 is made for each check returned to the Company for reasons of non-sufficient funds, account closed, payment withheld, invalid signature, or improper preparation.

(3) Collection Charge

A charge of \$7.00 shall be made for each instance when it is necessary for a company employee to go to a customer's residence or place of business in order to collect amounts owed the Company for gas service previously rendered. This charge shall not apply if service is terminated at the time of the collection action. This charge shall apply to only one trip on the same amount owed.

Item E. Main Line Extension Rate

The charge for extending mains beyond the free limit established by Lone Star Gas Company, or any free limit established by franchise, for residential customers shall be the lesser of: (a) the system-wide average cost of construction, including all overheads, for the prior fiscal year or (b) the adjusted actual cost as determined by applying the latest Handy-Whitman Index to the 1975 actual base cost of \$2.94. The Company shall file the calculation of such charge with the city as soon as sufficient data is available each fiscal year. Extension to commercial and industrial customers shall be based on actual cost per foot.

Item F. Cost of Service Adjustment

Each monthly bill for residential and commercial gas service shall be adjusted for changes in the cost of providing such service as follows:

- (1) Effective with bills rendered for the month of May, 1987 and annually effective each May thereafter, the residential and commercial monthly rate shall be adjusted for changes in the cost per customer of providing gas service (including depreciation but excluding cost of gas, gross receipts taxes, income taxes, and return) for the previous year ended December 31 above or below such cost incurred in the second prior calendar year. These annual adjustments shall be cumulative. The operating expenses used in calculating the adjustments shall be for the applicable distribution system as reported to the Railroad Commission of Texas in the annual report of Lone Star Gas Company.

Should the percentage change in the cost of service per customer of providing gas service exceed the rate of change in the Implicit Price Deflator of the Gross National Product over the same period of time, the adjustment will be limited to a maximum change computed by multiplying the cost of service per customer of providing gas service in the second prior calendar year ended December 31 by the rate of change in the Implicit Price Deflator of the Gross National Product. The adjustment per bill shall be rounded to the nearest whole cent.

- (2) The adjustment determined by (1) above shall be multiplied by the same tax factor used in calculating the gas cost adjustment contained herein to include street and alley rental and state occupation tax due to increasing or decreasing Company revenues under this cost of service adjustment provision.
